VERIDIA INSURANCE — DriveSafe Motor Policy

General Conditions (fictional document, for demonstration only)

Veridia Insurance is a fictional company. This contract is written for a software demonstration and has no legal value.

The contract is made of two parts:

- these **General Conditions**, which apply to every policyholder;
- the **Policy Schedule**, which lists the facts about one policyholder (coverages bought, vehicle, market value, driving licence date). If the two conflict, the Policy Schedule prevails.

All amounts are in euros. All deadlines are in calendar days.

Article 1 — Definitions

- **Policyholder**: the person named in the Policy Schedule.
- **Authorised driver**: the policyholder, or anyone driving with their permission and holding a valid driving licence.
- **Third party**: any person other than the authorised driver.
- **Deductible**: the part of each claim that remains payable by the policyholder.
- **Market value**: the value of the insured vehicle, as stated in the Policy Schedule.
- **Repair cost**: the total amount **including VAT** shown on the repair quote or invoice (the "total incl. VAT" line), parts and labour included.

Article 2 — Coverages

A coverage applies only if it is listed in the policyholder's Policy Schedule. A claim under a coverage that is not in the Policy Schedule is not paid under this contract, and is referred to a claims handler (see Article 7).

Code	Coverage	What is covered	Standard deductible
C1	Third-party liability	Damage the authorised driver causes to a third party	€0
C2	Collision damage	Damage to the insured vehicle after a collision	€300
C3	Glass breakage	Windscreen, side windows	€50

Code	Coverage	What is covered	Standard deductible
		and rear window	
C4	Theft	Theft of the whole insured vehicle	10% of the claim, minimum €500

For theft (C4), the amount of the claim is the market value of the vehicle.

Article 3 — Exclusions

No coverage applies when:

1. the driver had alcohol above the legal limit, or was under the influence of drugs;
2. the driver did not hold a valid driving licence;
3. the vehicle was used for racing, speed trials or a track day;
4. the damage was caused intentionally by the policyholder;
5. the damage results only from wear or mechanical failure.

An exclusion is never applied automatically. When a claim shows a possible exclusion, it is referred to a claims handler, who decides.

Article 4 — Reporting a claim

1. A claim must be reported within **5 days** of the incident. A theft must be reported within **2 days** of its discovery.
2. Every claim must state the date, the place and a description of the incident.
3. The following documents are required:

Coverage	Required documents
C2 Collision	Photos of the damage; repair quote; accident report signed by both drivers when a third party is involved
C3 Glass	Photos of the damage; repair quote
C4 Theft	Police report

A claim with a missing document is not refused: the missing document is requested from the policyholder.

Article 5 — Deductible rules

1. One deductible applies per claim.
2. **Not-at-fault waiver**: for C2, no deductible at all applies (including the surcharge in 5.3) when the authorised driver is not at fault **and** the third party is identified.
3. **Young-driver surcharge**: for C2, an additional **€400** deductible applies when the driver has held a driving licence for **less than 3 years** on the day of the incident.

Article 6 — Assessment and payment

1. For damage claims (C2 and C3), an independent assessor must inspect the vehicle when the repair cost is **above €1,500**.
2. Compensation = repair cost, capped at the market value, minus the deductible. Compensation is never negative.
3. Payment is made within 15 days after the compensation is approved by a Veridia claims handler.

Article 7 — Referral to a claims handler

The following claims are referred to a Veridia claims handler, who takes the decision:

1. a claim reported after the deadline in Article 4.1;
2. a claim that shows a possible exclusion (Article 3);
3. a claim under a coverage that is not in the Policy Schedule (Article 2).

A late claim is never refused automatically.
